Basis for reclassification:

The site is an active 90 Day Storage Pad maintained on the "PHMC <90 Day Pad Inventory Report." This method for managing active 90 Day Storage Pads is in agreement with Section 2.0, "Scope," of TPA-MP-14, and thus tracking through WIDS is not necessary. The 90 Day Storage Area and all dangerous waste are managed in compliance with WAC 173-303-200(b)(i) and will be closed in compliance with WAC 173-303-630(10).
